ABOUT ME

My goal is to actively contribute to the education and professional development of future nursing graduates. I aim to assess, train, and mentor nursing students within academic settings, fostering evidence-based practice and critical thinking. Through effective guidance and continuous professional support, I strive to enhance their clinical competence, promote lifelong learning, and prepare them to deliver high-quality, advanced nursing care.

WORK EXPERIENCE

MAKASSED GENERAL HOSPITAL (MGH) – BEIRUT

CRITICAL CARE RN – 10/2001 – 09/2003

·Provide direct care to critically ill patients, which includes continuous monitoring, managing life support equipment, administering medications, and responding to emergencies.
·Collaborate with multidisciplinary teams, creating and implementing care plans, and providing emotional support to patients and their families.

MAKASSED UNIVERSITY OF BEIRUT, FACULTY OF NURSING & HEALTH SCIENCES.

NURSING LECTURER – 2003 – CURRENT

- Design and execute course curricula that reflect current nursing standards and evidence-based practice.
- Lead or collaborate on research projects related to nursing and patient care, and identify sources of external funding.
- Integrate scholarly work into the curriculum to ensure students are learning the most current evidence-based practices.
- Provide academic advice and pastoral support to help students navigate their educational journey and monitor their progression.
- Serve as a mentor and role model, guiding aspiring nurses through their career concerns and inspiring them to reach their full potential.
- Promote continuous learning and professional growth for both students and fellow faculty members.
- Participate in departmental and university-wide committees for activities like curriculum review and program development.
- Assist in the recruitment and selection process for new students

BEIRUT ARAB UNIVERSITY LIFE SUPPORT (BAULS) – BEIRUT

BLS INSTRUCTOR – 2017 – CURRENT

-Delivers basic life support provider course according to Americal Heart Association (AHA) guidelines.

MAKASSED ASSOCIATION – BEIRUT

DIRECTOR OF MAKASSED INSTITUTE OF NURSING – 08/2025 – CURRENT

o Formulate strategic goals, set the overall learning direction, and drive growth for the organization.
o Create and oversee the institute's budget, allocate resources, and advocate for necessary funding.
o Train, evaluate, and motivate nursing staff. Manage performance reviews, disciplinary actions, and staffing patterns.
o Ensure the institute adheres to all relevant local regulations and standards.

o Assess, revise, and develop courses to ensure they are current and relevant.
o Organize and manage instructional activities, utilize appropriate teaching methods, and maintain an up-to-date learning management system.
o Engage in student advising, monitor graduation progress, and direct students to appropriate resources.
o Evaluate student learning, maintain accurate records, and solicit feedback to improve course delivery.
