March 09 - 10, 2019 | Metropolitan Hotel, Beirut - Lebanon

## WELCOME LETTER

Dear Colleagues and Friends,

On behalf of the LSCCM Board, it is with great pleasure that I welcome you all to the 12<sup>th</sup> Annual Congress of the Lebanese Society of Critical Care Medicine, held on 09 - 10 March 2019, at the Metropolitan Hotel in Beirut.

This event will bring together all the members of the multi-professional and multi-disciplinary team of Critical Care Medicine.

International and National renowned faculty from Europe, USA and Lebanon were chosen by our Scientific Committee to highlight the most up-to-date, evidence-based developments in the field of Critical Care. We are confident that the presentation of these new insights will create a continuous and rich interaction between the experts and the audience.

We express our warmest thanks to the speakers for accepting to give us part of their precious time and efforts to share their knowledge and experiences with us as well as to the SRLF Board and President, Pr. Alain Mercat, for their ongoing support and for accepting to endorse this meeting.

We forward also our thanks to the pharmaceutical and manufacturing industries. Without their generous support, this meeting would have not been possible. Our appreciation goes also to the organizing company, to all the dedicated staff, colleagues and friends who helped in planning this meeting.

Finally, we truly hope that you will enjoy the congress and that our invited colleagues from abroad will enjoy their visit to our beautiful country, Lebanon.

**Patricia Yazbeck, MD**  
LSCCM President &  
President of the congress
