

Job title: Nurse

Location: Beirut

Employment type: Permanent, full time

Job Brief

The kindergarten nurse will be working closely along with other nurses in order to insure the health and security of our children. The post holder is responsible for achieving and maintaining high quality standard and care to children.

Philosophy

We support parenting by enabling children to grow and learn in a safe, stimulating, loving environment. We believe that a high quality early childhood program promotes the physical, social, emotional, and cognitive development of young children while also responding to the needs of families. We encourage children to develop at their own pace and we are committed to making each child feel valued. We hope our children will grow to believe that they can make the world a better place.

Requirements

A Bachelor of Science in nursing degree (BSN) or relevant license.

Additional skills

- Organization skills
- Patience and flexibility
- Good communication skills
- Ability to interact with families in a nurturing, compassionate and sincere manner

Main Duties of the Post

Health and Safety

- Follow and comply with health and safety regulations according the Safe Childcare Certification.

Family Partnership

- Build and maintain strong partnerships with parents
- Maintain an open line of communication with parents

Individual Responsibilities

- Come to work with a positive attitude
- Cooperate with the staff
- Approach criticism with a learning attitude
- Demonstrate honesty, integrity and commitment to confidentiality
- Create a welcoming, positive environment by:
 - Being actively engaged with children
 - Speaking to children at eye level
 - Being friendly, warm and affectionate
 - Using appropriate voice and tone
