Nursing Opportunity

Community Health & Wellness (Project-Based)

Opportunity Summary

We are seeking energetic and dedicated Nurses for flexible, project-based assignment. This opportunity is ideal for senior-year students looking for practical field experience, recent graduates, or alumni seeking part-time work in health promotion and community engagement.

Key Project Environments

- Pharmacy Screenings: Conducting point-of-care health assessments and screenings in community pharmacy settings while raising awareness on obesity.

Core Responsibilities

- Body & Nutrition Assessments: Performing Body Mass Index (BMI) testing and body composition analysis.
- Engagement & Marketing

Qualifications & Requirements

- Field of Study: Enrolled as a senior student or hold a degree/diploma in Nursing
- Skills: Strong interpersonal and communication skills, professional patient-facing demeanor, and attention to detail.
- Availability & Commitment:
    - Duration: 1-Month commitment
    - Location: Beirut Area
    - Working Days: Monday through Saturday
    - 4-hour Shift:
        - 12:00 PM – 4:00 PM, or
        - 2:00 PM – 6:00 PM, or
        - 4:00 PM – 8:00 PM / 5:00 PM – 9:00 PM
