

We are looking for dedicated two male patient-focused Registered Nurses to care for an elderly patient recovering from a stroke on a full time basis.

Candidate Qualities:

Candidates must have excellent interpersonal communication skills to manage and coordinate the Home Care model in place, utilizing best practices for rehab nursing and home health care, which include:

- Continuous assessments of patient
- Planning
- Implementation and evaluation

Candidate needs to provide a safe, supportive and nonjudgmental environment in a professional and concerned manner.

He should be able to view problems as a whole and develop solutions which achieve organization and order.

He must have the ability to work independently as well as collaborate and communicate effectively with other interdisciplinary team/family members.

The candidate must be BCLS & ACLS certified or the equivalency of the mentioned certifications in candidate's country.

He should be experienced with intravenous starts and phlebotomy skills.

He also must have 3 to 5 years' experience in the Med/Surg and/or Rehab nursing setting. ICU/ Respiratory Therapist background preferred.

Package Details:

Work location: Beirut, Lebanon

Duration of Contract: 2 years

Salary: Attractive salary (tax free).
